

From Design to Commissioning-

EE-ENGINEERINGWE TAKE CARE OF YOUR PROJECT

EE-Engineering AB

EE-Engineering was established in 2015 with the aim to help ship owners to complete turnkey piping projects on time and on budget.

We make it easy for you to find new solutions for installing piping related equipment.

New technical development and innovative design is our passion. Our expertise covers everything from feasibility design, installations to project management and commissioning.

Mariehamn on the Åland Islands, Finland ———

EE-ENGINEERING AB

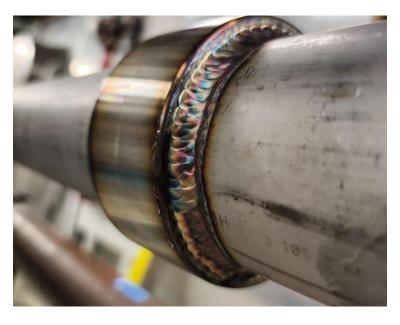

With a head office in Mariehamn on the Åland Islands, Finland, 960m2 of heated manufacturing area in Kumlinge and a strategic office in Tallinn, EE-Engineering is able to handle large projects in the maritime sectors

Production

WHAT WE DO

Production Of

- > PREFABRICATED PIPES
- > EQUIPMENTSKIDS
- > STEEL STRUCTURES

EE ENGINEERING Workshop Equipment ——

WORKSHOP EQUIPMENT

Bandsaws

Metora VMB 305 DS (CNC) 0-305mm cut range Kasto HBA 520 AU (CNC) 0-520mm cut range

Welding Machines

4x Kemppi X8 welding stations

8x Kemppi Fittweld EVO 300 Welding machines

2x Kemppi Master Tig 325 DC G

2x Kemppi Master Tig MLS 3000

Pipe Rotators

2x 20-600mm, 1000kg capacity

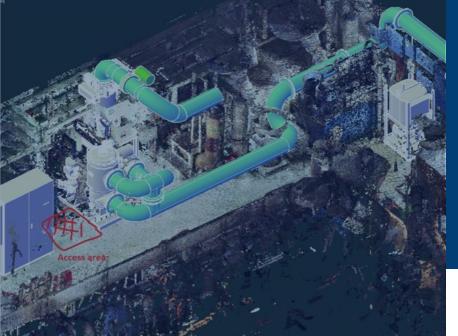

Mechanical Bevelling

1x AOTAI TCM-630 1x AOTAI ISY-250 1x AOTAI ISY-351

Software

Autodesk Plant 3D Autodesk Inventor Autodesk Navisworks Kemppi WeldEye

Pipe Production ———

PIPE FABRICATION CAPABILITIES

15t / Month Carbon steel DN10-DN500

5t / Month Inox DN10-DN150

5t / Month GRE DN50-DN350

Annual Pipe Production ———

WITH OUR GLOBALLY INTEGRATED KNOW-HOW

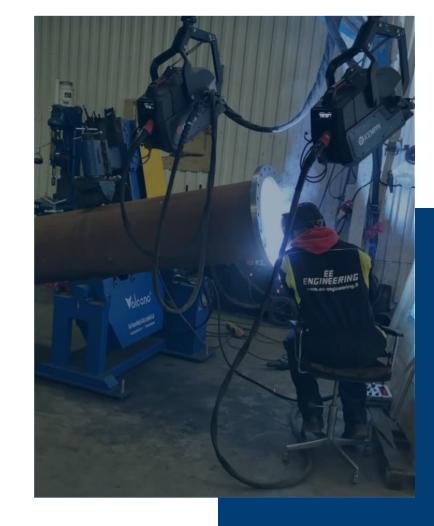

EE-Engineering is prepared to implement even the most complex of its customer projects. We offer proven knowledge in successfully executing EPCM projects that demand first-class project management expertise.. All parties involved benefit from getting engineering, procurement and construction management (EPCM), as well as project management services.

Steel pipe Production During 2020

37ton

Steel pipe Production During 2021

74ton
